Ohio River Doing More Damage at Cincinnati

Weather Conditions Will Have Everything to Do With Situation at Paducah.

FARMERS LOSING THEIR CORN.

Stephensport, Ky., Jan. 18.—A cloudburst occurred here this morning flooding the town and there is much distress in consequence.

Situation Unchanged.
Cincinnati, Jan. 18.—The flood situation continues serious. The river is expected to pass the 60 foot stage today and continue rising tomorrow. It is estimated that 10,000 families are forced to leave their homes. Railway and street car traffic is seriously impeded.

Apply for Help.
Springfield, Ill., Jan. 18.—Shawneetown today applied to Governor Deened for help on account of the flood. The matter was referred to the adjutant general who shipped 100 tents to Shawneetown. The situation is serious.

The river rose here 4 last night. "I see nothing in the developments of the past 24 hours to make me change my views on the river situation as far as it affects Paducah," said Capt. Saunders A. Fowler this morning. "Of course, the elements have all to do with such things, and if this rain we had last night and early this morning is general we may expect a good deal more water. The rain this morning seemed to me to be greater below us, if that is so, we shall escape that water. I still think Evansville and upper river points are more frightened than they should be, and look for a big improvement in the situation in a few days. The Dick Fowler is making most of her landings between here and Cairo, and the damage done to the people in west Kentucky is being greatly exaggerated. At some points the farmers are cut off from the river by the sloughs, which, of course, are flooded, but that is the extent of the injury."

Crops Are Ruined.
Taomas Vickers, who has about 40,000 bushels of corn at Beaver Dam, has had it removed, just in time to escape loss from the high waters and T. S. Fritts, who also had much corn at the same point, has removed his. However, there are a number of farmers along the lowlands who will lose their entire crops simply because they have failed to take warning from the conditions and have been dilatory in removing their crops.

More Rain Today.
After toying with a patient public most of the night the elements broke loose in all their fury this morning at 6:30 o'clock and for nearly an hour the rain poured down in such torrents that it impeded every class of traffic, even endangering pedestrian traffic on the streets. So dense was the rain and mist that one could not distinguish a block away. Gutters were quickly filled, and some street intersections converted into small lakes.

"The rain was general in this section," declared railroad men from the Fulton district and Cairo extension. "At Fulton it rained hard and continued the entire trip to Paducah. It was one of the hardest rains I ever drove an engine through."

On the Cairo bridge the Cairo-Paducah accommodation train crawled as slowly as if a fog enveloped it. All the lowlands between Paducah and Cairo are submerged.

Work on the sewer systems in Paducah is stopped. Several slight cave-ins are reported, but fortunately the contractors had taken the precaution to reinforce the stays and preclude any danger of a serious landslide into their excavations.

Lightning Was Frequent.
This morning was a duplication of Thursday morning. At 5 o'clock the same hot, oppressive gust of wind greeted early risers. The sky was black and dawn was delayed. When daylight did come heavy clouds hung over the city and frequent flashes of lightning blinded pedestrians. Reverberating claps of thunder accompanied the electrical display, and it was a regular summer rain storm.

School children were delayed—those few who braved the weather.

The attendance today is small, due to the rain, and especially is the absence felt in the primary grades.

River men found it necessary to run additional lines from their boats and property to the shore, the wind being anything but mild.

No delays to railroads are reported in this section from washouts. The roads have taken precaution to have ballast ready and a reinforced crew of track walkers and section men to keep the road in repair and prevent any possible washout.

Effect on Trade.

Retail and wholesale business as well as some crafts and industries suffer, stagnation on account of the weather. Country people can not get in to take advantage of the cut rates. Much bad weather before the holidays interfered with Christmas trade. Wholesale houses have called in their drummers on account of the roads. However, it is not all loss. Retailers are experiencing a rush in rain.

MERCHANTS DELAY IN PAYING LICENSE

Money is Coming in Slowly at City Hall and Short Time Remains to Pay Without Penalty

LESS THAN ONE-FOURTH PAID.

Merchants are dilatory about taking out their license for the first half of 1907 and so far only \$12,092.35 have come into the city treasury from this source. Of this amount, \$6,750 was deposited by the 90 saloon keepers, whose licenses are yet to be acted on by the general council, and of the \$5,342.35 remaining, perhaps, \$1,000 is deposited by wholesale liquor dealers. The total licenses collected last year were \$40,556.71 and one-half this amount, approximately, should be paid in this month. Less than a dozen merchants and a half dozen fire insurance companies have paid up, and other lines of business are equally as dilatory. A penalty of ten per cent. goes on February 1.

EATING CHILDREN IN CENTRAL CHINA

Victoria, B. C., Jan. 18.—Advices from Shanghai tell of increasing horrors of the great famine of central China. It is stated that in two districts, Sincow and Paichow, starving people are eating their children. Plants and grass, which have furnished food for many have disappeared and there is not even a root to eat.

TOY PISTOLS.

Cause Death of Two Colored Boys at Farmington.

As the result of handling toy pistols two deaths have occurred at Farmington. Two negro boys about 12 years old were the victims of tetanus poisoning resulting from being shot in the hands. One was a son of George Collins and the other a stepson of Harry Barner, well known colored men of Farmington. The Collins boy died Sunday, January 6, and the other one week later.

SOLER OUTFIT IS SOLD

BY CONSTABLE SHELTON.
Constable A. C. Shelton this morning sold the stock and greater part of the outfit of James Soler, photographer, of South Third street, to satisfy two judgments secured in the circuit court against Soler. The purchaser was George Dishon who bid \$100.50. He rejected a few pieces of furniture and one camera, and these are held on other attachments.

There is only one kind of a newspaper circulation statement that is worth any consideration and that is the daily detailed statement. The Sun is the only Paducah paper printing such a statement.

DISCUSS BUDGET THIS AFTERNOON

Finance Committee and Upper Board in Session

Amounts Asked for Would Swell the Apportionment to \$258,445.00 for Everything.

COMPARED WITH LAST YEAR.

In order to be prepared in the event the board of aldermen is organized before February 1, Mayor Yeiser has called the general council and the committee of the whole of the board of aldermen for the purpose of considering the budget for the year 1907. This apportionment ordinance must be passed before February 1, or else the old budget will stand.

They are in session this afternoon. Although nothing has been given out and some of the estimates are still held back, it is understood that the amounts asked for will compare with the present budget somewhat as follows:

FROM JURY WHEEL.

Hargis Jury Must Be Drawn, Not From Bystanders.

Frankfort, Ky., Jan. 18.—The court of appeals today decided that the jury must be drawn from the jury wheel in Breathitt county by (Special Judge Carnes) to try Judge Hargis for the murder of Dr. Cox, and not summoned from bystanders as Judge Carnes sought to do. While the writ of prohibition against Carnes' trying the case was not granted the decision is a great victory for the prosecution.

Car Shortage Problem.

Washington, Jan. 18.—President Roosevelt personally is directing the car shortage investigation. Today he called in Chairman Knapp and had a meeting of the Interstate commerce commission called to hear the committee of the national reciprocal demurrage convention recently held at Chicago. Tomorrow he will receive the commission and representatives of the committee and listen to such suggestions as may be advanced for a solution of the vexed problem.

Suits Filed.

Beile Trail against George Trail, for divorce on the grounds of abandonment. They married May 18, 1905, and separated December 26, 1905.

C. J. Miller against Nannie Bondurant and husband, J. S. Bondurant, for \$38.11, alleged to be due for work done and material advanced.

Sylvia Pirtle against C. C. Pirtle for divorce on the grounds of abandonment. They married December, 1902, and separated May, 1905.

Painfully Injured.

Miss Effie Smith, entertainer in the offices of Drs. Victor Voris and C. R. Lightfoot, was painfully injured yesterday afternoon and is today wearing a circle of mourning about her left eye. Miss Smith was preparing to assist Dr. Voris in a difficult dental operation. She reached into the cabinet for cotton, and coming up suddenly struck her eye on the corner of an open drawer. The eye was not lacerated, but is swollen half closed this morning.

Ellen Terry has called for this country, and will open her tour on the 28th inst., in New York. It is announced that her daughter will be her stage manager.

SAGE ESTATE TAX.
Albany, New York, Jan. 18.—The state is richer by \$625,000, the result of the activities of the late Russell Sage. The amount represents the inheritance tax on the Sage estate estimated at 60 millions.

ANOTHER KILLED.

Smolensk, Russia, Jan. 18.—M. Krollan, chief of the rural administration, was killed by a boy as the chief was leaving a concert hall today. The boy, who fired five shots from a revolver, was immediately shot and killed by officers.

INSULTS WOMEN; ABUSES POLICE

Young Man From Mayfield Gets Drunk With Unpleasant Results to Himself in City Court

FINED \$30 THIS MORNING.

A young man from Mayfield, who refused to give his name, was fined \$30 and costs by Police Judge D. A. Cross this morning.

The young man was drunk and stopped several young women shortly after 6 o'clock last evening at Fourth street and Broadway. Patrolman Senser arrested him and at the hall he was abusive and wanted to fight.

COURT HOUSE JOKE ON AARON HURLEY

A droll comedy in which Patrolman Aaron Hurley unsuspectingly furnished amusement for the court and others who were "next" was enacted in the circuit court room this morning in the trial of the case of Daisy Ford against the Paducah city railway.

"Now do not leave the building," was the warning of Judge Reed when he sent the witnesses to the hall under the rule. Patrolman Hurley, a witness, met his friend, Senator Wheeler Campbell, always willing to play a joke. They went outside and talked. When the court house was reached again Senator Campbell put Judge Reed "wise."

"Mr. Hurley," the court inquired with stern frown, "where were you when your name was called?"

Patrolman Hurley remembered the court's instructions, and moreover knew his attitude toward witnesses for contempt of court.

"Why, your honor," Hurley sputtered, all the time great beads of perspiration standing on his forehead, "I was just outside in the yard."

"Well, it will mean a few hours in jail for you," the court concluded with a vicious push at his docket.

Patrolman Hurley hardly found tongue to answer the few questions asked him on the stand.

The punishment against him was remitted by the court between laughs.

INTERURBAN

LINE PROJECTED FROM HICKMAN TO PADUCAH.

Promoters Are at Hickman Enlisting Co-operation of People of That City.

Hickman, Ky., Jan. 18.—Archer & Short, electric railway promoters, have been here looking after the preliminary arrangements for building an electric interurban railroad from Hickman via Union City, Fulton, Clinton and Mayfield to Paducah. Proposition as submitted to Hickman's Commercial club, representatives, C. L. Walker and Porter Shumate, will be taken under advisement.

BAY OF KINGSTON IS OBLITERATED

Huge Tidal Wave Changes Coast Line of Jamaica

List of Dead Increases and Physicians Are Out of Bandages for Victims.

GHOULS DRIVEN FROM CITY

Havana, Jan. 18.—Rear Admiral Evans in a message to the cruiser Columbia here, states that a huge tidal wave changed the coast line of Jamaica, leaving the entire south side of Kingston under water. No bay is reported left.

Kingston, Jan. 18.—There has been a complete and, it is hoped, permanent cessation of the seismic shocks, which continued with greater or lesser intensity since Monday until yesterday. Early today a number of the most dangerous wrecks, from which all the injured and dead had been removed, were dynamited. All over the city tottering walls are being torn down and the streets soon will be safe. Soldiers are distributing food among the victims of the disaster and the burying of the dead is being rushed at top speed, as there is great danger of pestilence. Hungry looters invaded Kingston last night and were fired upon by the provost guard. It is believed no one was hurt, as the soldiers did not shoot to kill.

TWO SHOCKS.

St. Petersburg, Jan. 18.—Two severe earthquake shocks were felt at 5 o'clock this morning at Cuba, government at Baku.

FIVE HUNDRED BODIES.

Kingston, Jan. 18.—Burial squads reported to Governor Smeetham today that nearly 500 bodies have been buried.

SLIDING INTO SEA.

Holland, Bay, Jan. 18.—Kingston is still in danger of sinking into the sea. Measurements today show the sea steadily encroaching. The water has advanced several feet since yesterday. The entire shore line has been changed. Soundings show the entire harbor floor has altered. Great fissures are starting at the water's edge, run back inland and, are many feet deep. There were several slight slides along seashore today.

SHORT OF BANDAGES.

Washington, Jan. 18.—The navy department received the following dispatch from Captain Beecher, commandant of the Key West navy, stating: "The following wireless from Guantanamo, signed Evans, rear admiral, says: 'Davis reports by wireless relayed through station at Colon Missouri island, off Kingston, this (Thursday morning) "Kingston almost totally destroyed; four hundred killed; five hundred in the hospital; plenty of doctors. Short of dressing bandages. City quiet."'

Ghouls Are at Work.

Kingston, Jan. 18.—The negroes who at first were restrained by the soldiery, broke bounds today. They looted the rumshops and under the excitement of drink, began all sorts of excesses.

When night came on the scenes in the ruined city were terrible. Violence ran riot and there was crying need of a strong repressing force.

There is equal need of food and of every sort of supplies. The destruction of the government stores was most disastrous and unless relief is soon sent there will be a pinching famine. Already there is a stint of the necessities.

Another peril that is feared is that of pestilence. Though it is winter, the weather is warm. The ruins have not been thoroughly cleared of the dead and this necessary work is now hampered by the new fires. Already the air is heavily fetid and there is great danger of fever.

The poor are not the only ones that have suffered. The rich are also

homeless, and the hills about the city are colonized by persons partly sheltered in the camps established by the government. There is misery everywhere.

The radius of destruction is much larger than was at first known. Not only was almost every house in Kingston destroyed, but all the houses within ten miles were injured. The property loss in Kingston alone will reach \$10,000,000.

Ruin and desolation stretch for miles outside the city. The shocks were felt from fifty to sixty miles away and a dispatch received here from the cable station in Bull bay—eight miles distant from Kingston—says that not a single house between there and Kingston is safe.

Kingston Is Sinking.

St. Augustine, Fla., Jan. 18.—A wireless message was received at the station on Anastasia island by Chief Electrician Elkins saying Kingston is sinking gradually, that many holes and cracks one hundred feet were formed by the earthquake and grave fears are felt that the entire city will slip into the bay.

FIRST DISTRICT LEAGUE MEETING

Called by Prof. Billington to be Held in This City Within Next Three Weeks. For all Superintendents

ORGANIZED AT PRINCETON.

Prof. S. J. Billington, president of the Educational Improvement league of the First congressional district, is today writing to members of the executive council authorizing a meeting of the council in Paducah within three weeks for the purpose of outlining definite plans for better methods in teaching, and to arouse more interest in educational work. The council is composed of county school superintendents from each county in the district, and the total membership is thirteen.

The league was organized Thanksgiving Day in Princeton, and the members intend to make a success of the undertaking. The league will urge legislation for the betterment of county schools.

POLLOCK VICTIM OF THIRD THEFT

For the third time in as many months, Abraham Pollock's jewelry store, 640 Broadway, was robbed at noon today by a negro thief. Mr. Pollock saw the fellow pick up a bracelet and he gave chase. The thief ran down Seventh street and disappeared in the alley behind Temple Israel. The last time a thief stole a watch and eluded his pursuers.

BUNDESMAN IS INSPECTOR.

His Case Follows Decision in Case of Potter vs. Bell.

The case of A. Franke against A. Bundesman, to determine whether the general council or board of public works has the right to appoint the sewer inspector, will follow the suit of J. E. Potter against C. E. Bell which was decided in favor of the defendant. By agreement attorneys interested in the cases will let the Bell suit determine both controversies. It will be immediately advanced on the docket of the court of appeals and whatever the decision it will be accepted by both sides in both cases. As the matter now stands Charles E. Bell is marketmaster and A. Bundesman sewer inspector.

Marketmaster Bell Wears His Badge, His Smile, His Keys and Light Heart

Marketmaster Charles E. Bell, wearing his badge and a smile on the outside and a light heart on the inside, and jingling a bunch of keys, was in sole charge of the market house today. Colonel J. E. Potter, who has been wearing the badge and carrying the keys but not the smile and the light heart, appeared at the door this morning at 6 o'clock and turned over the outward evidences of authority to Marketmaster Bell.

GAUNTLET TAKEN UP BY COMMITTEE

Kentucky Ave. Bawdy House Keepers on Campbell Street

"Frontiersmen" Consult Judge Cross and Determine to Drive Women From Vicinity.

HER PROFANE DECLARATION

Renewed activity by the "Frontier Committee" has been precipitated by the removal of a bawdy house keeper from west Kentucky avenue to Campbell street in the First ward. Hurling defiance in the teeth of the committee and asserting that she would move in, "in spite of H— and high water," the woman carried out her purpose and is now living in a house on Campbell street.

At a called meeting of the "Frontier Committee" last night in C. J. Miller's tin shop, Sixth and Trimble streets, the proffered gauntlet of war was accepted and the word was passed back "that high water she already has, and H— she certainly will get."

The woman told one of the committeemen "o tell the committee that she 'would put a bullet into anybody that noses around her house.' Believing that the woman is desperate, the threat served only to make the committee more cautious in their movement toward securing evidence.

The principal action of the committee was to appoint a committee to visit Judge D. A. Cross of the city court, who is preparing opinions on the legal phases of the committee's work. This the committee will do today or tonight. Meanwhile the fighting blood of the citizens of the First and Second wards has been aroused in a manner that nothing less than the Westlake woman's attitude and defiance could have done. The members of the committee feel that a crisis has arisen. Other meetings of the committee will be held in the near future to report progress and outline the campaign.

AWARDS ODD DOLLARS.

Humorous Verdict Returned by Petit Jury in Damage Suit.

In two suits for \$2,115 and 2,216 brought by James E. Wilhelm and The Register Publishing company, respectively, against J. M. Worten, the amounts comprehending the extraordinary expenditures of the plaintiffs in unsuccessfully defending a libel suit brought against them by the defendant in Livingston county, the jury, after being out several hours, returned verdicts of \$15 and \$16. Nine of the jurymen signed the verdicts. The amounts were not disputed. Mr. Worten contended that he is not liable. Motion for a new trial will be entered.

132 Counts Against Walsh.

Chicago, Jan. 18.—A federal grand jury today found an indictment, containing 132 counts, against John E. Walsh, former president of the defunct Chicago National bank charging him with fraudulently applying over \$2,000,000.

Perfect Womanhood

The greatest menace to woman's permanent happiness in life is the suffering that comes from some derangement of the feminine organs. Many thousands of women have realized this too late to save their health, barely in time to save their lives.

To be a successful wife, to retain the love and admiration of her husband, should be a woman's constant study.

If a woman finds that her energies are flagging, that she gets easily tired, dark shadows appear under her eyes, she has headache, nervousness, bearing-down sensations, irregularities or the "blues," she should start at once to build up her system by a tonic with specific powers, such as

Lydia E. Pinkham's Vegetable Compound

the great woman's remedy for woman's ills, made only of roots and herbs. It cures Female Complaints, such as Dragging Sensations, Weak Back, Falling and Displacements, Inflammation and Ulceration, and all Organic Diseases, and is invaluable in the Change of Life. It dissolves and Expels Tumors at an early stage. Subdues Faintness, Nervous Prostration, Exhaustion, and strengthens and tones the Stomach. Cures Headache, General Debility, Indigestion, and invigorates the whole female system. It is an excellent remedy for derangements of the Kidneys in either sex.

CARMEN SANGUINE OF GETTIG RAISE

Meeting at Memphis Indefinitely Postponed

W. J. Harahan Vice President of Illinois Central, and Rawn Promoted in Line.

F. B. HARRIMAN NEW MANAGER

Information has just been received of the election of Mr. William J. Harahan to be vice president of the Illinois Central railroad, in full charge of construction and traffic. This appointment, which was made at the meeting of the board of directors of the company held in New York. The meeting of the board of directors made several other changes in the official family of the Illinois Central. Mr. I. G. Rawn, formerly general manager of the Illinois Central, with headquarters in Chicago, is elected vice-president, in charge of operation. Mr. F. B. Harriman was elected general manager, succeeding Mr. Rawn. Mr. Harriman was formerly general superintendent of the northern and western lines. Mr. C. L. Ewing, formerly superintendent of the St. Louis division, was elected superintendent of the northern and western lines, succeeding Mr. Harriman. Changes in I. C.

The meeting which was to have been held by the executive board of the Brotherhood of Railway Carmen of the Illinois Central road at Memphis within the next few weeks, has been postponed, and no definite date set. Mr. Quincy Wallace, secretary of the committee, stated this morning that he does not know when the meeting would be called, but expected notice at any time.

The carmen are sanguine over their prospects, in view of the fact that thousands of dollars in increases were given engineers on the road only this week. They believe this shows a liberal attitude towards railroad employees generally, and that the road will meet their demands with more readiness. It is anticipated that an increase will be asked making the scale uniform all over the system.

Long Live the King!

Is the popular cry throughout European countries; while in America, the cry of the present day is "Long Live Dr. King's New Discovery, King of Throat and Lung Remedies!" of which Mrs. Julia Ryder Paine, Truro, Mass., says: "It never fails to give immediate relief and to quickly cure a cough or cold." Mrs. Paine's opinion is shared by a majority of the inhabitants of this country. New Discovery cures weak lungs and sore throats after all other remedies have failed; and for coughs and colds it's the only sure cure. Guaranteed by all druggists. 50c. and \$1.00. LOWER SURFACES OF LAKES LITTLE

Engineers Report Canal Will Not Hurt Traffic

Less Than Six Inches Difference On Account of Volume of Water.

SUBMIT REPORT TO CONGRESS

Washington, Jan. 18.—An important report just made by a distinguished board of engineers gives a complete opinion as to the effect of the proposed deep waterway from the lakes to the gulf on the lake levels. It also tells in detail of the cost of overcoming the injury to commerce which such changes of the lake levels would cause—\$12,500,000. The document furnishes, to the advocates of the deep waterway, a complete and authoritative answer to hypothetical questions which are being put forward constantly by Chairman Burton of the rivers and harbors committee and other of the pronounced advocates of lake improvements, who have contended that the building of the proposed deep waterway will injure lake navigation. Because of its international character, the commission addresses its report to both the secretary of war of the United States and the minister of public works of Canada.

The commission is one appointed by authority of congress to deal with all water problems along the Canadian border and is known as the International waterways commission. Its personnel includes some of the best-known authorities on river and harbor improvement in the country, as the commission is headed by Gen. O. H. Ernst, who is also a member of the isthmian canal commission, and who was one of the engineers who had charge of the survey for the 14-foot channel from the lakes to the port of St. Louis. After going into the subject exhaustively, and pointing out the need for a flow of 10,000 cubic feet per second to properly dilute the sewage of Chicago, the report shows that when the city reaches a population of 5,000,000 it will require 20,000 cubic feet per second for dilution. Then, in summing up its conclusions, the commission says: "Would Lower Michigan 6 1-4 inches."

The diversion of 10,000 cubic feet per second will lower the levels of Lakes Michigan, Huron, St. Clair, Erie and Ontario and the St. Lawrence river, besides the important connecting channels, the Detroit and St. Clair rivers, by amounts varying from 4 1-4 to 6 1-4 inches for the different waters and the diversion of 14,000 cubic feet will lower them from 6 to 8 1-2 inches. The diversion of 20,000 cubic feet will lower Lake Michigan and Lake Huron about 13 inches and Lake Erie about 11 inches.

Theatrical Notes

"The Missouri Girl," a rural comedy, is the attraction at the Kentucky theater tonight.

Tim Murphy at The Kentucky, Saturday Night.

"Did you ever stop to consider the persistency with which Tim Murphy finds new comedies out of which he can grind success?" asked a theatergoer. "His return every year is one of the things I count on. New York endorsement is a secondary consideration to him. Like Joseph Jefferson and Sol Smith Russell he seldom plays there. There's a good deal that's shoddy about the New York run. The motto of a good many of the managers appears to be 'We will starve a season in New York and take it out in double money on the road.' Tim Murphy has made a field all to himself. He is the comedian of American character, the amusing native types we all know. He's a sort of Mark Twain of the stage. A procession of his characters is like a procession of dear old friends. First time I ever saw him was as Maverick Brander in 'A Texas Steer.' Then he gave us the Mississippi war governor in Opie Read's 'The Carpet Bagger.' Didn't Old Innocence come next? That was the delightful, old optimist who made such a failure of his pessimism. Next he gave us a Washington play, 'A Capitol Comedy,' and I don't believe anything could excel the dignity, strength, whimsical humor and quaint fun of Joel Gay. He followed that with the interesting cowboy in 'The Man From Missouri,' and last season he had two charming entertainments in 'Two Men and a Girl' and 'When a Man Marries.' This season he portrays Colonel Jim Johnston, a sturdy old miner from Brazil."

"Freedom of Suzanne."

What can be termed a society event in things theatrical, can be looked forward to when Jane Corcoran, a local favorite, will appear at The Kentucky for an engagement of one night Tuesday, January 22, in Cosmo Gordon Lenox's comedy, "The Freedom of Suzanne." The title role is a most trying one, and requires an actress of more than ordinary ability to impersonate correctly; one moment she is called upon to display her pugnacious and aggressive nature and next the kind, lovable, and fascinating disposition of which all writers agree that the character of Suzanne possesses. Miss Corcoran has been surrounded by her managers with a strong company, this with the elaborate stage settings that the play requires makes this attraction high class in the extreme, and will be worth while going a long way to witness.

From the Chattanooga Times: "Mr. Hanford is a splendid reader, a finished actor, a thorough interpreter of Shakespeare."

Alan Rogers, in Atlanta Constitution: "Long ago Mr. Hanford earned the title of America's best and greatest Marc Antony."

From the Nashville American: "In 'Cymbeline,' Marie Dornah was afforded an ample opportunity to display the artistic ability which in her brief ascent in 'Julius Caesar' she could barely suggest."

An Old Marksman.

Samuel Sanford, of Geneva, O., will be 91 years old March 1, but the other day he showed that even now he justifies the fame which he won many years ago as a rifle shot. A muskrat had been digging around the place, and Mr. Sanford said he "loved to shoot that feller in the eye" at the earliest opportunity. The other day

he caught sight of the muskrat. Going into the house, he brought his rifle, and from a distance of ten rods shot the animal exactly in the eye. He challenges the world to produce a man of his years who can beat him.

Impertinence, finding Curiosity peeping through his neighbor's key-hole, promptly broke down the door.

LATE KENTUCKY NEWS

Land Suddenly Sinks.
Olive Hill, Ky. Jan. 18.—On Milt Erwin's farm, near here, about three acres of land suddenly sank and slipped about 30 feet, leaving numerous fissures, one of which is about 400 yards long, 50 feet deep and about 40 feet wide. The country road which ran nearby will have to be discontinued on account of several fissures in it from one to four feet wide and dirt thrown up in mounds in several places. Two houses nearby were shaken off their foundations.

Politicians on Carpet.
Lexington, Ky. Jan. 18.—The Fayette county grand jury has begun an active investigation of the rumors that about 1,400 fraudulent registrations of negroes as Democrats have been made in this city and that these registration papers are held by leaders of certain factions of the Democrats who expect to use them in the approaching Democratic primary for the nomination of mayor and other city officers. The grand jury today ordered the registration books brought to them for examination and also summoned before them Mayor Combs, Louis Des-Cognets, W. F. Klair, member of the legislature, and candidate for re-election; James C. Rogers, circuit clerk; John Skain and J. Tevis Wilkerson, candidate for the Democratic nomination for mayor; W. A. Newman, candidate for city engineer, and other prominent Democratic politicians, who were subjected to searching cross-questioning.

Ed Britton Acquitted.
Murray, Ky. Jan. 18.—Ed Britton, who shot and killed his father-in-law, Mr. Hansell Chapman, some three weeks ago at the home of Britton near the town of Kirksey, was given an examining trial before Judge A. J. G. Wells, Tuesday of this week and acquitted.

Calloway's Wealth.
Murray, Ky. Jan. 18.—The county board of tax supervisors composed of J. B. Hay, Wm. Tatum, R. S. Miller, William Sparkman and Mr. Shradler, met last week and went

over the assessor's book for 1907. As a result of their labors the wealth of Calloway county was increased about \$165,000. Assessor Proach's books showed a total wealth for the county of \$2,726,186, which is an increase of about a quarter of a million dollars over last year. This wealth is divided by districts as shown below. We also give the amount of the raise made by the supervisors in each district: East Murray assessed \$227,524, raised \$7,000; city of Murray assessed \$791,328, raised \$65,600; Brinkley assessed \$317,097, raised \$15,300; Liberty assessed \$256,013, raised \$4,400; Wadesboro and Dexter assessed \$467,448, raised \$12,975; city of Hazel assessed \$95,223, raised \$3,450; Hazel assessed \$442,132, raised \$14,150; Swann assessed \$498,488, raised \$24,800; West Murray assessed \$305,170, raised \$12,850; Concord, assessed \$325,763. The supervisors meet again next Monday to hear protests from persons whose lists were increased.

Race in Graves County.
Mayfield, Jan. 18.—The legislative race in Graves county will soon be an interesting topic for the politician, says the Mayfield Messenger. Attorney Joseph E. Warren is being solicited to make the race. W. H. Frost, of Wingo, is also being solicited and the probability is he may announce himself at an early date. It has not been announced yet by Mr. Ray whether he will stand for re-election or not.

NO REPRESENTATIVE.
May Go From Local, No. 24, M. E. B. A., to National Convention.

On account of the illness of Capt. J. B. Flasch, engineer on the Bettie Owen, the local, No. 24, of the Marine Engineer's Beneficial association, may have no representative at the national convention at Washington Monday. Captain Flasch and Captain C. M. Johnson are delegates, but the latter will be unable to attend. It was thought that Captain Flasch would be elected agent for the association on the rivers. There is such an agent on the lakes through whom all complaints are made. Captain Flasch's illness is not serious, but he is confined to his home, and unless he feels better tomorrow he will not undertake the journey.

The House of Lords.
The House of Lords consists of the spiritual lords of England, the temporal peers of England, Great Britain and the United Kingdom, and of representative peers of Scotland and Ireland.

The full assembly consists of 3 princes of the blood royal, 2 archbishops, 22 dukes, 23 marquesses, 124 earls, 40 viscounts, 24 bishops, 336 barons and 16 Scottish and 28 Irish representative peers, making a grand total of 618 peers. Of the 618, 347 are Conservatives, 125 the Unionists, 91 are Liberals, 45 are independent or have no stated politics, and 10 are minors.

The Bishop of Sodor and Man can sit in the Houses of Lords, but he cannot speak nor can he vote, although he possesses both privileges in the Manx House of Keys.

In addition to these there are about 130 holders of titles of nobility who are not members of the House of Lords, their peerage being those of Scotland or Ireland only. There are also 15 ladies who are peeresses in their own right, 12 of England and the United Kingdom and three of Scotland.—London Times.

"Every soul either serves or

CLOSING AN INCIDENT.

If ever there were time and place
and subject for a masterpiece of di-
vision, they were found in the United
States senate in connection with the
Brownsville incident, and if ever the
man of the hour was present, ready
for the opportunity, the man was
Senator Carmack. Glorious it was
for the lovers of the brilliant and
caustic in oratory that this debate
came up before Carmack was suc-
ceeded by the popular violinist, Bob
Taylor; for there is not another man
in the United States could have done
justice to the occasion and to For-
aker and Tillman. Nothing more will
ever come of the Brownsville inci-
dent. It seems as though it was just
gotten up for Senator Carmack's ben-
efit. The pugnacious Foraker and
the tempestuous Tillman had each
taken advantage of the occasion to
vent their spleen on the executive.
Foraker, it is true, had some prac-
tical motive in trying to make a race
issue of the affair, but Tillman just
got up and stormed because he heard
the name of Roosevelt. They are
both men who have reputations as
bullies of the forum. They have
tongues that silence peace-loving
men. It was their reputations that
made them such satisfactory tar-
gets for Carmack's wit. And Carmack
—he hates the president as much
as ever Tillman did, and said so. To
quote Mr. Carmack: "I have a great
admiration for that strong, brave,
large-minded gentleman, the secre-
tary of war. My admiration for the
president is more temperate and sub-
dued."

Having digested himself of all sus-
picion of prejudice in favor of the
president, he proceeded in the same
sarcastic vein to take the hide off
the senators from Ohio and South
Carolina. Only once did Tillman
break in and then he sank back limply.
Not a word of protest did the
Ohioan indulge in. He heard Till-
man interrupt.

The indictment of Foraker opened
with these words:

"I can remember with what
frantic energy he used to wave
the bloody shirt—a shirt dyed
with the crimson current of his
own rhetoric; I remember how
he used to go raging over the
land, a bifurcated, peripatetic
volcano in perennial eruption,
belching fire and smoke and melt-
ed lava from his agonized and
tumultuous bowels."

With Foraker and Tillman out of
the arena the Brownsville incident
will go slow on the senate stage, and
we may expect it to be withdrawn
from public notice. Ah, well! It served
its purpose. It called forth a final
brilliant outburst from Tennessee's sena-
tor, and he is always worth listening
to and reading. It would have been
worth one's while to have peeped into
the white house breakfast room yes-

terday morning while the president
was reading that speech.

Paducah needs another school on
the north side. This is a matter Su-
perintendent Lieb has been urging
on the school board. We must pro-
vide ample school accommodations for
the children. Illiteracy is one of
the gravest menaces to any form of
government, and education must be
made accessible and attractive. It
is a pleasure to note that the school
board has taken the first step toward
building the school house, and we
trust the board will continue to walk
in that direction. The need for a
clerk to the superintendent and a
truant officer, also, seem to be duly
impressed on some of the trustees,
and these officials are promised next
year. Superintendent Lieb will have
the satisfaction of knowing that the
reasonableness of his demands are
recognized and that he has secured
some indispensable accessories for
his successor.

Judge Carnes is getting what ev-
erybody gets who rushes in "where
angels fear to tread." There seems
to have developed in Breathitt county
a strong, vigorous anti-Hargis fac-
tion, a fact of which Judge Carnes,
either personally or judicially, was
not cognizant when he called a spe-
cial term and substituted for the sher-
iff and elisor to choose the jury to try
the Hargises.

Some internal disorder is racking
the frame of old Mother Earth. The
Kingston disaster so early in January
gives promise that 1907's record for
seismic disturbances will equal that
of 1906.

We stand corrected. That was not
a plum tree the board of public works
was shaking. It was a lemon tree.

KENTUCKY'S SHAME.

What use has a man for a pistol,
unless he be an officer on duty?

How many men carry pistols dur-
ing the day and sleep with them dur-
ing the night, and lay themselves
liable to arrest and imprisonment to
say nothing of the danger by accident
to themselves or some member of
their family?

What need has a man with a big
pistol under his pillow at night, or in
his pocket during the day? What
good does he expect to accomplish
either for himself, his family or so-
ciety? Out of the hundreds of peo-
ple who carry pistols not two per cent
of them are justified in doing so un-
der any consideration.

Where a pistol has saved one life
by having it constantly carried on a
person, it has been the cause of at
least ten times that number by ac-
cident, to say nothing of the trouble
and the amount of fines and humili-
ation of arrest and imprisonment.

The disgrace of Kentucky chivalry
today is the diabolical habit of her
men and boys in carrying concealed
upon their persons, deadly weapons.
The greatest reform of the age is
needed now along this line. Some
states have started a reform against
the habit of carrying pistols and have
done great good in that direction.
Kentucky needs to start this reform
now beginning with the year 1907.

Every day of the year in Kentucky,
thousands of big stout men are load-
ed down with pistols, brass knucks
and other deadly weapons, in viola-
tion, not only of the statute, but of
our moral laws.

This reform should be taken up by
the circuit judges, commonwealth's
attorneys, county judges county at-
torneys and besides all officers of the
law, the ministers should take it up
in their pulpits Sunday school teach-
ers should speak of it before their
classes, and every good citizen of the
commonwealth should frown upon
this pernicious habit.

We do not know of any habit Ken-
tuckians are guilty of, that is so de-
structive to the moral welfare and
safety of our people as the carrying
of deadly weapons.

This is a civilized country, and the
people are just as safe without a pis-
tol hung on their bodies as they are
with them.

The habit of sleeping with pistols
proves to be a dangerous one.

Let the reform start at once and
lets see if Kentucky cannot rid her-
self of this burning shame.—May-
field Messenger.

CHALLENGE FROM LANG BROS.

Lang Bros. are seeking the worst
case of dyspepsia or constipation in
Paducah or vicinity to test Dr. How-
ard's new specific for the cure of
those diseases.

So confident are they that this re-
markable medicine will effect a last-
ing cure in a short time that they
offer to refund the money should it
not be successful.

In order to secure the "quickest
possible introduction Lang Bros. will
sell a regular fifty cent package of
this medicine at half price, 25 cents.

This specific of Dr. Howard's will
cure sick headache, dizzy feelings,
constipation, dyspepsia and all forms
of malaria and liver trouble. It does
not simply give relief for a time; it
makes permanent and complete
cures.

It will regulate the bowels, tone
up the whole intestinal tract, give
you an appetite, make food taste
good and digest well, and increase
vigor. Joy and happiness will take
the place of that "don't care whether
I live or die" feeling.

VOICE OF THE PEOPLE.

The Peddler's Side.

Is this not a free country?

The Evening Sun of January 15
contained an article in regard to the
fruit dealers of Jefferson street,
Broadway and Kentucky avenue
from First street to Sixth street,
asking for protection.

What protection do they want?

They are asking to keep the peddlers
off of said streets, as they (the fruit
dealers) have to pay a license of
\$25 per year and the hucksters and
peddlers do not have to pay the li-
cense the fruit dealers pay.

I want to say to you, Mr. Fruit
Dealer or Dealers, the peddlers of
the city of Paducah pay \$40 per year
on each wagon that is run, or at
least they are supposed to and it is
your business you see that they take
out a license. Had you been smart
enough you would have found out
what the hucksters' license is before
you published the article in the pa-
per.

You furthermore stated that the
peddlers sold inferior ware. If that
be true I pity the city officials for
allowing such goods sold.

If they will compare your store or
stores with my wagon that I have on
the street, they will find that I have
as clean a stock of goods as any of
you.

What do you people expect of a
man that is able to work, and has a
family to support? Get out and beg
for a living. I pay a license of \$40
per year on each wagon, and am do-
ing a legitimate business and am go-
ing to continue doing so. Please
take care of your business, as I do
my own, and the less said the bet-
ter.

I am yours to make a living,
A PEDDLER.

Pure Blood Is Essential to Good
Health.

Dr. A. T. Allen, the discoverer of
Osteopathy, stated many years ago
that perfect circulation of blood con-
taining the proper food elements for
tissue nourishment was absolutely
essential for the maintenance of
health, and all researches along bac-
teriological lines have proven with-
out doubt the fact.

Perfect circulation is dependent
on normal structure. As long as the
different parts of the human organ-
ism are in proper relation to each
other, and we observe the laws of
Nature, the arteries and veins will be
unimpeded and the blood circulate
freely.

Pure blood is the best germicide
known. Germs and their ill effects
will disappear from the presence of
pure blood.

The dry, hot-air treatments that I
give, in connection with Osteopathy,
restores the circulation to its normal
condition, and improves and stimu-
lates the blood. I have had marked
success in its use with people in Pa-
ducah you all know well, and to
whom I can refer you if you wish evi-
dence of the fact.

The treatment is successful in all
cases of stomach and liver disorders,
malaria, conditions, rheumatism,
nervousness and chronic headaches.

GHEENT RELEASED

IN POLICE COURT

Agrees to Discontinue Practice
at City Dump

Would Like to Suspend Contract
With City During High Water
But Is Bound.

CANNOT REACH THE CHANNEL.

Ghent & Elliott, contractors for
the city garbage dump, are between
two fires, and either way they go
means a scorching. If they continue
as they have, they will be fined in po-
lice court, and if they try to fulfill
their contract with the city, it means
a loss of hard earned money.

"I do not know what I am going to
do about it; it looks like either way
I go, I am in for it," was the declar-
ation of Ghent in court this morning.

Judge D. A. Cross had dismissed a
warrant against him charging his firm
with dumping garbage at the foot of
Clay street. The dismissal was ef-
fected through an agreement that the
contractors would remove the dump
below the incline, or dump the gar-
bage in the channel of the river, and
not in any place where it will be left
high and dry on land when the high
water recedes. Also to remove all
garbage dumped at the foot of Clay
street when the water recedes.

President C. H. Brothers, of the
board of health, and Health Officer
W. T. Graves were present and an
attempt at a compromise with them
was made. Dr. Brothers told them
that if they would go into the chan-
nel of the river all would be well.
Ghent declares that this would re-
quire the services of two or three ex-
tra men and possibly a gasoline boat,
and he could not afford to do it "for
the money." The firm is paid \$30
monthly to tend to the dump.

This afternoon the contractors will
locate a place, if possible, where the
dump may be moored subject to the
approval of the board of health.

Ghent & Elliott tried to arrange to
discontinue the contract until after
the high water has subsided but the
board of health does not favor it.

coats and umbrellas, and shoe mer-
chants are selling hundreds of rub-
bers and rubber boots. Railroad
men, river men and all laborers work-
ing in the open have rushed to the
clothing for rain coats and other
wearing apparel necessary to keep
them from a complete soaking. The
rain has been so hard that raincoats
are the most in-demand, umbrellas

being too frail to withstand the force
of the rain and wind.

Seven Days' Rise Here.

Washington, Jan. 18.—The flood
situation on the Mississippi and tribu-
taries is summarized in the follow-
ing statement issued by the weather
bureau last night:

"The Ohio river is still rising be-
low the mouth of the Little Kan-
dwa, the stage at Parkersburg to-
day 37 feet, 1.6 feet above the flood
stage and rising; at Cincinnati 58.2
feet, 8.2 feet above the flood stage
with 60 feet in prospect by
Friday.

"Stages above flood lines are gen-
eral below Cincinnati and warnings
as follows were issued during Thurs-
day:

"Louisville 35 feet, 7 feet above
the flood stage by Saturday night or
Sunday; Evansville and Mt. Vernon,
steady rise for at least five days
longer with at least 43 feet, 8 feet
above the flood stage indicated by
Saturday, Paducah and Cairo, rise for
seven days longer to stages exceed-
ing the flood stages of 40 and 45
feet respectively; Wabash river prac-
tically stationary for the next 36
hours at present high stages. Missis-
sippi river at Memphis three or more
feet above the flood stage.

People and Pleasant Events

The Woman's Club.

The Woman's club held an open business meeting yesterday afternoon at the parish house of Grace Episcopal church. The minutes of all the club meetings since the organization were read and several additions made to the constitution and by-laws, which was, also, read for the benefit of the new members. About 15 names were added to the club membership, closing the list of charter members.

The chief business of the meeting were the reports from the chairmen of the various departments of the club. These mainly outlined new work, except that of the department of philanthropy which through the charity club is in active work and made a fine report of the good accomplished. This department is arranging to give an apron bazaar at Easter.

The coming of Prof. S. H. Clark of the University of Chicago, to Paducah on March 20 was discussed by the club. He comes under the auspices of the literary department of the club and will give Stephen Phillips' "Ulysses." He is said to be the finest reader in the United States and has more than a national reputation. He is the head of the public speaking department of Chicago University.

Byrd-McCandless.

The Livingston Banner says of the approaching wedding of a popular Paducah girl:

"Mr. Fred McCandless and Miss Mary Lou Byrd, at 2:30 o'clock p. m. January 22, at the home of the bride, No. 1221 South Fifth street, Paducah, will be united in marriage. Miss Byrd is a beautiful and accomplished young lady of Paducah and has many admiring friends. Mr. McCandless is a Livingston county boy, now engineer on the steamer Royal, and is quite popular. Mr. Oliver Keibler, of this county, and the bride's sister will be attendants. The happy couple after the wedding will leave for a two weeks' bridal tour to New Orleans. They will make their future home in Golconda."

Lee Birthday Celebration.

The preparations for the observance of the one hundredth anniversary of the birth of General Robert E. Lee, are about concluded, and the event will be most impressively observed tomorrow evening at 7:30 o'clock at the Broadway Methodist church. Messrs. B. H. Scott, Joseph E. Potter and John L. Webb are the committee from the James T. Walbert camp, U. C. V. who have had the arrangement of the program in charge.

The Veterans will be assisted by the local U. D. C. and it will be a most interesting occasion. A large crowd will be present to honor the memory of Lee, although it being Saturday night may prevent many who would otherwise attend. The crosses of honor will be conferred on Messrs. G. W. Brant, a Confederate veteran of Lamont, and on Messrs. Saunders A. Fowler, W. B. McPherson and Philo Alcott, the sons of distinguished veterans. The program in full:

Prayer—Rev. J. R. Henry, D. D. Hymn—"How Firm a Foundation"—Choir.

Reading of General Lee's Farewell Address to the Confederate Army—B. H. Scott.

Song—"Come Unto Me"—Choir. Address on the "Life and Character of General Robert E. Lee"—Rev. W. T. Bolling, D. D.

Song—"For All the Saints, Who From Their Labors Rest"—Choir. Presentation of crosses of honor by the U. D. C.—Mrs. Victoria Thompson.

Benediction—U. C. V.—R. J. Barber. Benediction—Rev. W. E. Cave, D. D.

To Entertain at Cards.

Mrs. Lawrence Dallen, of Fountain avenue has issued invitations to a card party for the afternoon of Wednesday, January 23.

Kalosophic Club.

The Kalosophic club met this morning with Miss Marjorie Scott on North Ninth street. It was an interesting meeting characterized by an especially large attendance. "Current Topics" was discussed very delightfully by Mrs. Vernon Blythe. The study of the Drama will be entered on regularly next week when the program will be completed.

Rev. J. R. Stuart and wife have arrived from Mobile, Ala., and are

visiting their son Dr. D. T. Stuart. The party will go to China next month, the parents to resume missionary work and the doctor to take charge of one of the largest endowed hospitals in China.

Dr. C. A. Elliott, of Woodville, is reported seriously ill at his home.

Miss Margaret Griffin, of Nashville, Ark., is visiting Mrs. J. E. Ware, of North Seventh street.

Traveling Engineer Lloyd Grimes, of Fulton, was in the city yesterday.

DANDELION

unequalled for the cure of dyspepsia
and all stomach trouble

It is the work of the stomach to ferment the food and anything that interferes with this process of fermentation may be a cause of dyspepsia. Strictly speaking there are dozens of causes of stomach trouble. The kind and quantity of food taken, worry, mental excitement, nervousness, lack of proper exercise. It takes many forms such as debility (that tired feeling), loss of appetite, pain after eating, acidity, flatulence, vomiting, palpitation, cramps in the stomach.

Dyspepsia is dangerous because it has a very marked influence on the bowels, the kidneys, and the heart. It should therefore never be neglected. One or two boxes of Dr. Edward's Compound Dandelion Tablets have cured many severe cases of stomach trouble. If you are suffering from this complaint buy today a box of this famous vegetable remedy and enjoy your meals the same as you used to do.

DENEEN'S THREAT

HAD REQUIRED EFFECT ON ILLINOIS LEGISLATURE.

Appropriation Measure Hurriedly Introduced—Anti-Pass and Anti-Cigarette Bills Are Up.

Springfield, Ill., Jan. 18.—Governor Deneen's implied threat to convene the assembly in special session unless funds are set aside for the prosecution of the suits against the Illinois Central Railway company bore fruit today in the shape of two bills introduced into the senate, providing for the \$150,000 emergency appropriations the executive asked in his message.

Railroad passes and cigarettes form the targets of two bills introduced in the general assembly, one aiming at legislators and the other at minors. The anti-pass measure, providing jail terms for offenders, was presented by Representative R. W. McKinlay, of Chicago, who also over-licked ground covered by two bills introduced yesterday by proposing legislation providing for a 2-cent fare

on all railroads and for an increase in the salaries of lawmakers as an offset to the abolition of passes.

A Wonderful Happening.
Port Byron, N. Y., has witnessed one of the most remarkable cases of healing ever recorded. Amos F. King, of that place says: "Bucklen's Arnica Salve cured a sore on my leg with which I had suffered over 80 years. I am now eighty-five." Guaranteed to cure all sores, by all druggists, 25c.

WHY
Should your baby suffer? When he is fretful and restless, don't experiment on him and use any old thing your neighbor recommends. Buy a bottle of White's Cream Vermifuge, greatest known worm medicine and cure for all children's diseases. It is mild in its action, builds up the system, makes thin, puny babies fat. Mrs. J. C. Smith, Tampa, Fla., writes: "My baby was thin and sickly, could not retain its food and cried all night. I used one bottle of White's Cream Vermifuge and in a few days my baby was laughing and happy and well."

Sold by all druggists.

ANXIOUS HOURS FOR THE PUPILS

Tests Begin Monday and Last
For Three Days

Thursday and Friday Will Be Vacation Days—Promotion Cards Issued Friday.

SCHOOLS ARE DARK ALL DAY.

Next week will be one of nervous, anxious work on the part of public school pupils as the first three days are to be consumed in examinations. A certain percentage of the entire first term's work depends on the success of the pupil in these "tests," and they will be an important factor in the promotion of the pupil.

"All will be in readiness Monday for the examinations," Superintendent Leib stated, as he swung around from his typewriter where he was busily engaged in making out the questions. "I will turn over the list of questions to teachers this afternoon or Saturday and Monday they will start right in with the work. The examinations will consume three days, Monday, Tuesday and Wednesday, and on Wednesday afternoon all schools will be dismissed for the remainder of the week as far as the pupils are concerned. The teachers will have to put in Thursday and Friday in grading and preparing the pupils for entrance on the following Monday. Friday afternoon pupils will be required to return to school to receive their cards. All transfers will be made on that day and each pupil shown exactly where he is to go. In this way we will be enabled to go right to work Monday with no confusion or loss of time."

Darkness Interfered Today.
Darkness interfered with school work today, and electric lights would have been appreciated by both teachers and pupils. Every room was dark but no pupils were dismissed until noon. At noon all rooms were dismissed for the day, the literary meeting of teachers coming this afternoon.

Forty feet by Monday.

The Memphis Commercial Appeal of yesterday says: Owing to the extreme high water in the Ohio river, the Lee line division of Memphis and Cincinnati packets will lay over one week. The Georgia Lee, leaving today, only goes to Cairo, and will leave that place Friday for this port and will leave this port next Tuesday for Cincinnati.

The Cairo Bulletin says: Charles Gausman, president of the Marine Engineers, Cairo local No. 18, will leave today for Washington to represent the Cairo branch at the national convention of Marine Engineers.

Official Forecasts.
The Ohio at Evansville and Mt. Vernon will continue rising for at least four days. At Paducah and Cairo the rise now setting in will continue for at least six days; 43 feet or more is indicated for Evansville and Mt. Vernon by Saturday morning. The flood stage will probably be exceeded at Cairo and Paducah. Existing unsettled weather conditions make it impossible to accurately forecast the maximum stages at the present time.

The Tennessee from Florence to the mouth, not much change during the next 24 hours.
The Mississippi from Chester to Cairo will continue rising.

The Wabash at Mt. Carmel, no material change during the next 24 hours.
The river only rose .4 during the last 24 hours, but the rise during the next 48 hours is expected to be rapid, as the water between here and Evansville and above that point, will soon reach here. The rains seem to be general still which may mean more water. Conditions at Evansville, Louisville and upper river points are still causing uneasiness. The stage in the canal at Louisville yesterday afternoon

noon was 30 feet, and rising two inches an hour. This is flood stage for Louisville, 28 feet being the danger line, and government officials are predicting a stage that may approach the records of 1883-84. The stage at Evansville was 41 feet yesterday at noon, and river men expect 45 feet. In 1884 it was 47. Local authorities, however, still contend there is no prospect just now of a great flood at Paducah.

Business is dull at the wharf on account of the high water in all the rivers, many of the boats being tied up. The river men are an optimistic lot, and look for "better days very soon."

The Joe Fowler was laid up on account of fog last night and is expected sometime tonight or early in the morning from Evansville.

The Dick Fowler got away on time for Cairo this morning. She can make most of her landings, and business is good, all things considered.

The Margarette leaves for the upper Tennessee river this afternoon for a tow of ties for the Ayer-Lord company.

The Chattanooga is awaiting orders here. She may leave some time today with a cargo of corn for Chattanooga. John Austin, former patrol driver, ships on her as mate.

The Cowling is making her usual prompt trips to and from Metropolis.

The Kentucky came in last night from the Tennessee, and after discharging freight at the wharf dropped down to Brookport with some transfer stuff. She clears again for the Tennessee tomorrow afternoon.

In Memory of Thos. Thompson
Emery, Died January 11, 1907.

Just for a little while
The flowers bloom.
Joy is then reigning—
Then comes over us the gloom.

Could we but see why
We must part;
We need not have,
An aching heart.

His words have comforted
You while here,
But now he lies on
His cold mournful bier.

His memory will live
As he sleeps,
Trust him who o'er us,
A watch always keeps.

But just for a little while,
A flower blooms,
Joy is then reigning,
Then comes the gloom.

Prices at the New
Store have taken a
tumble. Get wise.

IF the quality drops when the price drops, does the price go down? No shoddy stuff in our store; no old stocks; everything new; stuff at prices lower than every sold in Paducah before. Why? Because we do not wish to carry our goods until they go out of style. We have resolved to always offer you nothing but new stocks. Tige says 'tis a shame to cut prices so, but we do it to clean out stocks for new ones.

ROBBED OF \$16.

Mrs. Lettie Farrar Victim of Negro
Purse Snatcher.

Mrs. Lettie Farrar, the dressmak-
er of Third and Norton streets, was
robbed of \$16 last evening by a ne-
gro "purse snatcher," who slipped

up behind her and about 6 o'clock
She was walking home on Third
street just beyond Ohio street. The
handle of the purse was strong and
failed to break, and the negro threw
Mrs. Farrar down in the struggle. In
the fall the purse slipped from her
arm, and the negro ran. Mrs. Far-
rar is not sure she could recognize
him again should she see him.

Beautiful Granddaughter of Old Commodore Vanderbilt--Her Life

London, Jan. 18.—Mrs. Jack C.
Wilmerding is now Mrs. James
Coates. The daughter of the late Col.
Vanderbilt Allen and great grand-
daughter of Commodore Vanderbilt,
was married to Mr. Coates, an Eng-
lishman, in this city last Monday,
and her friends are hoping that the
marriage may prove happier than
that with Jack Wilmerding.

Few women have had a more var-
ied career than the bride of Mr.
Coates. A beautiful girl, educated by
private tutors and in fashionable
schools, she married Jack C. Wilmer-
ding, in Grace church New York
city, in 1882. The few who were in-
vited were socially strong enough to
have started a new "400."

Inside of five years Mrs. Wilmer-
ding and her husband had quarreled.
It was said that in Deimonico's he
had thrown a saucerful of ice cream
in her face. They separated and he
went to Italy.

It was said that she had learned
to drink and smoke and that these
practices were carried to excess. Up-
on her return to America, relatives
had her incarcerated in Bloom-
dale asylum.

In her need for ready cash she
had signed away property worth
\$75,000 for less than 10 per cent.
of its value. She spent the money for
drink, it is declared.

After several years she was re-
leased through the efforts of Mrs.
Jack Bloodgood, who had gone upon
the stage. Mrs. Wilmerding, too,
made an effort to become an actress.
She obtained a position with Grace
George through Mrs. Bloodgood's in-
fluence. She was soon placed in a
sanitarium again.

She escaped and continued to
drink, suffering from the hallucina-
tion that she was being pursued by
relatives.

She was found in Montreal and
her family had to pay her board bill.
This was after she had been put out
of a New York hotel for drinking.
Then came the divorce that left her
free to marry again. She again dis-
appeared, going to Europe. She is 34
years old.

Shortened Notes Flood Treasury.

Washington, Jan. 18.—The most
expert case of note "shortening" that
has ever come to the notice of the
treasury department officials is now
puzzling United States Treasurer
Treat. Great quantities of \$5 and
\$10 notes an inch or short of the re-
gulation size have been coming to the
treasury department for the past six

weeks. The treasury officials, in re-
deeming them, deduct an amount ra-
tively as large as the part of the
note that is missing. "I am con-
vinced," said an official in the treas-
ury department, "that the person
who is working this game now is the
cashier of a bank or some such in-
stitution where considerable sums
are handled. The manner of shorten-

ing is: Five notes are secured and
are carefully cut into varying lengths
and are pasted together so as to form
six notes, all being shorter than the
regulation size."

Every effort possible is being
made to use native woods for ties in
building the railways in the Philip-
pines.
